Insulated Wire – Jacketed Cable – Hose – Tubing – Extruded Profiles

From Extrusion Line to Payoff to Take-up ... our versatile line of equipment is modular allowing our equipment to be re-purposed for multiple applications within your production line.

Advantages...

Modular components help to consolidate inventory, reduce downtime and reinforce familiarity with the equipment.

Product Applications...

- Printing or marking in close proximity to the extrusion head, after the first or second water trough, or in off-line applications when re-spooling prior to take-up.
- Accurate positioning of the product, in real time, relative to the air wipe, water trough; measuring and diagnostic equipment.
- Guiding and support of product utilizing our extensive line of guide wheels.
